ISC

MEMORANDUM FOR: Director/ICS

FROM: Director, CCISCMO/ICS

SUBJECT: CCISCMO Monthly Report--April 1987 [REDACTED]

LOGGED
15 MAY 1987
E STAFF/CMB

25X1

1. CCISCMO prepared, for D/ICS signature, a memorandum to the SIG-I principals asking for their full cooperation and coordination as investigations continue as a result of the problems in the US Embassy, Moscow. The limbo status of the SIG-I has hampered efforts of CCISCMO this past month. Clarification of SIG-I status by the NSC is expected after Judge Webster is sworn in and has an opportunity to be heard. [REDACTED]

25X1

2. CCISCMO coordinated in a memo to D/OMB from the Acting DCI, which strongly urged inclusion in the Intelligence Authorization Bill for FY 1988 a proposed amendment to the National Security Act of 1947 exempting government security clearance and access determinations from administrative and judicial review. [REDACTED]

25X1:

3. D/CCISCMO attended hearings by the SSCI, the Senate Foreign Relations Committee, and a subcommittee of the House Foreign Affairs Committee relating to the Moscow Embassy situation. D/CCISCMO and Acting DD/CCISCMO [REDACTED] [REDACTED] also attended meetings of the "Barry Kelly Group," which is charged with investigating damage assessments relating to the Moscow Embassy, etc. [REDACTED]

25X1

4. [REDACTED]

25X1

5. The IG/CM(P) met on 7 April to hear a status report on the remote sensing commercial satellite issue by a NOAC representative. Additional agenda items included a discussion of the proposed changes to ISOO Directive No. 1, a threat assessment finding to the GSA lock issue, and a report on the President's taskers. It was also determined that State, with assistance from CIA and OPM, will take the lead in updating the current Study of Harassments and Provocations. [REDACTED]

25X1

6. An SCI Forum meeting was held on 13 April. Status reports on DCID 1/21 ("US Intelligence Community Physical Security Standards for SCI Facilities") and DCID 1/20 ("Security Policy Concerning Travel and Assignment of Personnel with Access to SCI") were given. The draft of DCID 1/21 was

accepted by all members, but CIA requested additional time to coordinate with one Agency office that had not seen the draft. CIA is expected to propose some changes which will be resolved before or at the next meeting. Regarding DCID 1/20, difficulty has been encountered on agreement on a list of countries considered hazardous for different reasons. A draft version of DCID 1/20 is to be sent to members with the minutes for coordination and further discussion/revision if required. [redacted]

25X1

7. CCISCMO personnel acted as intermediaries between DIA and DO/CIA in obtaining a continuation of waivers to DCID 1/7 relating to release of NOCONTRACT and ORCON information to contractors. [redacted]

25X1

8. The adjudication seminar was held from 13-17 April [redacted] with 30 participants. This is the first time the seminar has been held with so many attendees. A security awareness planning conference was held 27-28 April with very good participation by all attendees. Each individual brought and shared handouts that are used by their organization for security briefings. All organizations found these extremely beneficial. [redacted]

25X1

25X1

9. CCISCMO has been awaiting, since mid April, the FBI's release of the IG/CI's contribution for the first biannual report for the President on his "Report to the Congress on the Nation's Counterintelligence and Security Countermeasures Plans, Programs, and Capabilities." The hang-up is in the layered bureaucracy of approving drafts and the fact that nobody, other than the Chairman, IG/CI, can reportedly sign it out. Hopefully the Director, FBI (Chairman, IG/CI), having completed his hearings on the Hill regarding his nomination to be Director of Central Intelligence, will receive the final version of the IG/CI report and sign it out quickly. [redacted]

25X1

10. UDAC will forward separately its monthly report. [redacted]
